EXPERIENCE:

06/2008 - 01/2010

Emmanuel Moll Consulting
Strategy Consultant and Founder

Paris, France

- Contracted by *Tchap IT*. Researched, analysed and valued competitors in the graphical design market to find a suitable acquisition for a given price bracket. Created a merger plan and oversaw the integration of the acquisition over 6 months in terms of client transfer and new service offering.
- Contracted by *Nextland* CEO. Conducted sector research (RFID in France) and screened companies under administration that had the potential for a turnaround.
- Led the (unsuccessful) takeover bid of technology company 'Violet' (owner of Nabaztag). Raised €170 through crowdfunding, developed PR around the movement and created a restructuration plan.
- Contracted by *Mindscape*. Created a product strategy plan for their acquisition (Violet) and developed a community-based support website.
- Contracted by *EDF*. Audited a 30 people division and created a recommendation for reorganisation. Created technical specifications for the development of a data collection tool.
- Misc: Volunteer at the *Keiretsu Forum* to help with company screening. Co-organiser of 'Paris StartupWeekend' sponsored by Sun, Orange Business Service & Mappy.

09/2007 - 06/2008

Oliver Wyman Financial Services
Strategy Consultant

Paris, France

- Promoted from Consultant I to Consultant II after 6 months.
- Worked as the only analyst on a due diligence for Warburg Pincus. Analysed the CHO market and top companies within the market (key differentiators, financial data) and carried out LBO modelling.
- Created a financial model valuing a subprime CDO portfolio given different projected market conditions from Bloomberg.
- Supervised the implementation of the technology-related aspect of an Operational Efficiency plan at Société Générale.

EDUCATION:

Collège des Ingénieurs
Master of Business Administration, 2007

Paris, France

Part-time with consulting assignment at *EDF* to analyse the use of IT in the Energy Production Division. 'CEO Meetings' manager in charge of liaising with CAC CEOs.

University of Cambridge
PhD Optical Engineering, 2006

Cambridge, UK

6 international publications & presentations, 1 international patent.

University of Warwick
